Medical Terminology

Doctors, nurses and other health care professionals use medical terminology to record patient records. Use the chart below to fill in the appropriate medical term to replace the **bolded** word in the medical record.

The patient fell on the ice and cracked his **head** _____.

The patient broke the large bone in his **lower leg** _____.

The patient broke his **upper arm** _____ in two places.

The patient suffered a severe bruise on his **knee** _____.

The patient came in with **jaw** _____ pain.
